NONCOMPLIANCE SUMMARY

The defendant was released on bond on April 24, 2008. The defendant appeared in our office for a post intake interview. The defendant admitted to using marijuana habitually since the age of sixteen up until his arrest on April 10, 2008. The following dates are urine specimens that were collected from the defendant:

May 05, 2008	Confirmed positive for marijuana (228 ng/ml)
May 08, 2008	Confirmed positive for marijuana (94 ng/ml)
May 12, 2008	Confirmed positive for marijuana (87 ng/ml)
May 14, 2008	Screened positive for marijuana

The defendant's last reported chronic marijuana use may possibly be consistent with the test results. It should be noted that although his nanogram levels are declining more testing is needed to determine residual or new use.

U.S. Pretrial Services Officer Recommendation: At this time we are requesting no action, however we will continue to monitor the defendant's drug testing to determine any evidence of new use.

We also recommend that Pretrial Services be exempt from reporting future positive tests which can be attributed to residual use.

Respectfully submitted:
